NOTE ROOM CHANGE and WEBCAST INFORMATION

Agriculture Stakeholder Working Group Meeting on Scoping Plan Development
January 23, 2008
10:00 a.m. – 1:00 p.m.
Sierra Hearing Room, 2nd Floor, Cal/EPA Building
1001 I Street, Sacramento, California

The first Agriculture Stakeholder Working Group meeting on Scoping Plan Development will be held on January 23, 2008 from 10:00 a.m. to 1:00 p.m. in the Sierra Hearing Room at the CalEPA building in Sacramento. This meeting will also be webcast <http://www.calepa.ca.gov/broadcast/?BDO=1>

AB 32, the Global Warming Solutions Act of 2006, requires the Air Resources Board to prepare a Scoping Plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions by 2020. Development of the Scoping Plan will include an analysis of potential emission reductions across all sectors including agriculture.

The Agriculture Stakeholder Working Group is being formed to provide an opportunity for stakeholders to contribute to the development of the AB 32 Scoping Plan. Specifically, the group will be providing input on potential strategies for greenhouse gas reductions within the agricultural sector.

At the January 23 meeting, ARB will kick off the stakeholder process by providing a brief overview of Scoping Plan development and the role of the sector workgroup. The main topic of discussion will be focused on potential strategies for achieving greenhouse gas reductions from the agricultural sector.
